

AbilityPath Children's Therapy Services

Screenings and Evaluations | Early Intervention

Speech, Occupational, and Physical Therapy

Social Skills Groups | Developmental Classes | Caregiver-Child Classes

Why AbilityPath?

We Value Evidenced-Based Care with a Family-Centered Approach. Our team is continually seeking out new research to provide families with the highest quality care. We provide bi-weekly parent group meetings to share this information and offer support to the families we serve.

We Promote Inclusion. Our organization values inclusion for all – and we live it in everything we do. We host inclusive developmental classes led by early interventionists in English and Spanish, as well as offer an inclusive preschool.

We Collaborate. Our team of 20+ therapists and early interventionists all work together in the same buildings, across several sites. We collaborate often with each other, and with the rest of the child's care team, to provide the most holistic care for the child and the family.
